

Returning  
to Work

# Reality

This is the new normal

“We” activities suffering. Millennials <35 yrs most affected

The decisions of Facilities, HR, and IT have never been so linked

The physical workplace and a human centered strategy play a critical role coming out of this crisis.

# Once RTW Safety Guidelines in place

## **Strategy**

- Be relentless about aligning with your strategy and vision. Longer-term strategies vs immediate demands of crisis
- Know your 6 month goals, 3 month objectives, and one week actions for the team overall and each team member.

## **Consider your Staffing possibilities**

- Full in-house Work
  - Flexi/staggered hours
  - Rotate days in and out of the office
  - Full Remote working
- 

# Remote Working Policy Considerations

- Define working hours based on your needs
- Be available in these working hours
- Dress code
- Storage of confidential documents
- Equipment and ergonomics, software
- Digital solutions

# Working Remotely for Employers

**SET CLEAR  
EXPECTATIONS**

**MONITOR WORK  
PROGRESS  
REGULARLY**

**INTERACT  
EFFECTIVELY**

**TRUST IN THE  
WORKER**

**GIVE  
FEEDBACK**

# Checklists – staffing requirements

## **Work-from-Home**

- Outcome-driven performance metrics.
- Regularly check effectiveness of employee experiences.
- Technology and connectivity for remote work.
- Help teams stay connected and engaged.
- Include all team members when important
- Get creative with ideas for socializing digitally

## **Return-to-Workplace**

- Reduce in-person interaction.
- Limit/stop desk sharing.
- Rigorous desk cleaning regimen.
- Mandatory masks and washing hands.
- Allow work from home as much as possible.
- Stay home when sick
- Ensure all local EHS guidelines adhered to
